

Project Profile

Chickasaw Nation Medical Center
Ada, OK

System Features

The design of the 358,000-square-foot Chickasaw Nation Medical Center is strongly influenced by the connection to its site region and local culture. Located on the Chickasaw tribal lands, this facility features a diabetes care center, dental clinic, women's health center, and the latest in AV technology.

- The facility has portable videoconferencing carts as well as AV system control touchpanels for easy and accessible communication
- A 55" LED signage display allows the pharmacy to exhibit general messaging, advertisements and informs patients of their prescription status
- This project features recessed ceiling speakers for sound masking and paging, plasma displays and RF distribution over fiber throughout
