

Project Profile

Tulsa Community College - Center for Creativity
Tulsa, OK

System Features

The new facility features the latest AV systems and equipment for art, video broadcasting and production, music, journalism, and graphic design students.

- Fully integrated HD video production studios with switchers, routers, conversion equipment, and video cameras
- HD video projection systems with integrated touch panel control systems were installed in all classrooms and the event space
- A broadcast radio studio, video editing rooms with non-linear editing systems and HD displays provide students with hands-on learning
