System Features

DIRECTV is one of the world's leading providers of digital television entertainment services and the new 257,000-square-foot, six-floor office building is the customer care operations center. It allows DIRECTV to deliver a premium video experience through state-of-the-art technology, unmatched programming, and industry leading customer service.

- The investment in AV is extensive and includes digital signage, lighting controls, videoconferencing, multiple DM switchers, and sound and video systems for a 4,000-square-foot training room
- The lobby has a video wall and a large touchscreen monitor, which when combined with a Crestron room reservation system, allows users to view and reserve one of the 22 high-tech meeting rooms
