## System Features

uShip is a great start-up success story in Austin, TX. Their new 45,000 SF Austin headquarters mirrors their 'vintage meets modern' work style. Ford AV technicians have been on site every step of the way to ensure their headquarters meets every expectation for a 21st century international enterprise.

- 120" 4K display craned into the building
- Samsung displays & Lifesize video teleconferencing systems
- Evoko room schedulers and Crestron touch panels
- Team Areas (collaboration spaces), multiple video teleconferencing rooms, an all hands meeting space and a game room
