## System Features

With offices in North America, Europe and Asia, Cloudera's accelerated expansion necessitated a standardized AV system capable of connecting their offices in real time. The end result provides users with a consistent experience, no matter the location.

- Digital Signage use HD displays to stream news and announcements
- Large conference rooms use dual 4K displays and video conferencing capabilities
- Collaboration spaces include 4K display, speakerphone and cameras
- Conference rooms are scheduled with touch-screen panels and software
- Lunchroom with displays and video conferencing capabilities enable company-wide connectivity
