

Project Profile

FirmSpace
Houston, TX

System Features

FirmSpace, a coworking environment provider that leases fully-furnished office spaces, constructed their new 32,000 SF Houston location so it easy to use and standardized with their locations in Denver and Austin.

- Reception area features a 3X2 video wall comprised of HD displays
- Large conference room includes 75" 4K commercial display, web camera, sound bar and tabletop touchscreen control panel
- Private offices, hallways and common areas have over 150 sound masking emitters for client privacy and reduced ambient noise
- Medium conference room features an HD display, sound bar, web camera and table touchscreen control panel
- Lounge area includes a 75" HD display and overhead speakers
