

# Project Profile

Capital One Headquarters  
McLean, VA

## System Features

Capital One's 20-floor headquarters is located just outside Washington, D.C. and features over 350 Zoom Rooms and meeting spaces with advanced AV technology solutions providing seamless connectivity and enhanced productivity among employees.

- **C-Level Conference Rooms** | Uses direct-view LED 1.5mm pitch displays that allows users to experience bright images even with the window shades up
- **Welcome Space** | Includes 11 - 12'x 7' 1.55mm direct view LED video walls
- **Conference Rooms** | Includes 98" displays, HD PTZ cameras, and integrated control
- **Security Operations Center** | Uses multiple 98" displays to create a video wall to monitor building security
