

Project Profile

Cy-Fair Jon Pridgeon Stadium
Cypress, TX

System Features

Cy-Fair ISD is providing education and excellence while steadily expanding their presence. Upgraded technology systems, like the Jon Pridgeon Stadium, better meets the students' needs.

- Sound system | Specially engineered speakers placed throughout the stadium to focus sound energy on the spectator seating while minimizing unwanted sound to the surrounding neighborhoods
- Broadcast booths | Two booths set up for video and sound production, for any stadium event need
- Lounge | Video displays and sound systems throughout the space provide visitors with an optimal viewing and listening experience for any sporting event
