

# Project Profile

University of Texas Basketball & Rowing  
Austin, Texas

## System Features

Completed in 2022, this state-of-the-art facility features two full-size practice courts, strength and conditioning centers, coaches' offices, nutrition stations, sports medicine, erg rooms, and more!

- **Sound System** | Over a hundred 2-way speakers installed throughout the facilities provide athletes and coaches with high-quality sound
- **Video System** | 14 PTZ cameras and 4K commercial displays capture and present game play footage as well as training materials across 59 flat panel displays
- **Integrated Control System** | 20 - 7" wired touch panels installed throughout the building and facilities provide enhanced audio and video control
