

Project Profile

Jupiter Supper Club
Austin, Texas

System Features

Located in a beautifully restored downtown Austin building, Jupiter Supper Club offers an elevated dining and entertainment experience.

- **Distributed Audio System** | Over 75 custom-painted speakers provide seamless coverage throughout the club, with discreet bar loudspeakers and compact enclosures delivering rich, detailed audio without disrupting the décor
- **Control System & Zoning** | A zoning system with touch panels gives easy control over audio scenes while Bluetooth and Dante inputs allow users to connect directly
- **Nova Lounge** | Features a digital electroacoustic system, with hidden mics, ceiling speakers, compact units, and subwoofers all managed by a network-based digital audio processing platform
