

Project Profile

Tulsa City and County Library
Tulsa, OK

System Features

The Tulsa City County Library is an expansive 135,000 SF space dedicated to community learning. Ford AV was brought in as part of a \$55 million renovation of the library's conference rooms, auditorium, Children's Storytime Meeting Room, and laboratories.

- 9' x 16' outdoor LED wall to provide vivid images for movies or educational courses
- Interactive displays around the library provide users with the ability to look up information to help them find where they need to go
- Audio renovations included: 2-way speakers, ceiling speakers, amplifiers, lapel mics, isolation dome speakers, and in-wall subwoofers to provide a variety of audio options for presentations, lectures, and other learning sessions
