

Project Profile

OU Gaylord Memorial Stadium
Norman, OK

System Features

The OU Gaylord Memorial Stadium combines historic tradition with modern entertainment, requiring state-of-the-art audio and visual technology to deliver an exceptional experience for every fan.

- **Sound System** | Integrated loudspeakers provide DSP-controlled audio with local or network source selection throughout all stadium, training, and support areas
- **Video System** | Conference and meeting rooms utilize large-format projectors with multi-input wall plates supporting computer, HDMI, and wireless collaboration
- **Control System** | Audio and video systems are managed via centralized and local control panels providing source selection, volume control, playback, projector operation, room combining, and integrated equipment rack support
