

Project Profile

Guild Hall Theatre
East Hampton, NY

System Features

At the eastern tip of Long Island is East Hampton's Guild Hall, a nearly century-old cultural center that has long been a cornerstone of the Hamptons' vibrant arts scene.

- Electronic Acoustic Enhancement System utilizes networked microphones and speakers to adjust the theater's acoustics for any performance style.
- Cinema-grade projector for delivering high-brightness, full-color film presentation for screenings and multimedia performances.
- Digital audio console, PA system, and streaming capabilities provide advanced mixing, amplification, and broadcast functionality.
- Networked AV infrastructure connects all systems to create a flexible, high-performance environment for live and recorded events.
