

# Project Profile

Christus Health Corporate Headquarters  
Irving, TX

Christus Health's headquarters features an integrated AV environment designed to enhance collaboration and support communication across its organization.

- Headquarters-wide AV ecosystem integrating nearly 200 collaboration, conference, monitoring, and specialty spaces to support global healthcare operations.
- Executive boardroom equipped with large video displays and custom interfaces for high-impact presentations and leadership communication.
- Divisible conference suite featuring projector lifts, ceiling speakers, floor connectivity, and long-distance cabling for flexible, large-scale meeting configurations.
- Centralized AV management platform enabling remote monitoring, system oversight, and streamlined support across all AV-enabled spaces.
