

Gold Microsoft Partner

Ford AV is America's leading audiovisual solutions integrator. With over 50 years of experience, we are the complete technology solutions provider for many of the nation's largest companies for design, installation, and service of Enterprise Microsoft Teams Rooms across the globe.

Ford AV is a select Microsoft Teams Rooms Partner, specializing in delivering unique and complex room technology solutions with end-to-end Microsoft integration. Listed in the Top 10 AV U.S. integrators, Ford AV self-performs project installations and does not sub contract AV work--owning the outcome for our customers.

The Ford AV Difference

- ✓ Provides a designed, installed, and service-supported solution
- ✓ Deep Microsoft expertise with experienced Microsoft Certified Engineers
- ✓ Modern Workplace Partner

TRUSTED

Many of America's top brands choose Ford AV to provide AV technology solutions. Apple, AT&T, American Airlines, ExxonMobil, Fannie Mae, MD Anderson, State Farm, and many more trust Ford AV.

EXPERIENCED

With over 500 employees nationwide who execute over 700 projects each year, Ford AV provides a wealth of experience and trained industry experts to ensure your next project is a success.

CAPABLE

Ford AV routinely works on many of America's largest construction sites and is accustomed to the most rigid safety standards. Your project is secure with the industry's highest bonding capacity of \$50 million.
